COMPANY PROFILE

>>> About Us

JIHUA 3515 LEATHER AND LEATHER SHOE CO., LTD established in 1951 in Luohe City, Henan Province, is a globally recognized leader in the footwear industry. The company specializes in the research, development, production, and sales of a comprehensive range of shoes and boots, covering nearly all standard types. With 15 advanced production lines and an annual output of over 10 million pairs, it stands in the global first-tier for production capacity and innovation. Equipped with world-class facilities and independent research centers, including a cutting-edge simulation laboratory, the company consistently delivers high-quality products certified by international standards such as BSCI and ISO9001. Its offerings are exported to over 30 countries, earning widespread acclaim for their quality and reliability.
