

# High Ankle Mixed Material Tactical Boot

Item Number: OD-2025

## Introduction

[Learn More](#)

Feature	Description & Benefit
Shoe Type	High-Ankle Tactical/Combat Boot
Overall Design	Professional, rugged, modern; combines durability with breathability.
Upper Material	Hybrid: Leather for durability, Textile/Mesh panels for ventilation and reduced weight.
Sole Unit	Aggressive, multi-directional lugged rubber outsole for superior traction; shock-absorbing midsole.
Lacing System	Secure eyelet and speed hook system for a customizable and firm fit.
Ankle Support	High-cut design offers excellent stability and protection.
Comfort	Padded collar & tongue, breathable materials, ergonomic fit for extended wear.
Durability	Reinforced construction, high-quality materials designed for demanding environments.
Protection	Ankle support, reinforced toe, puncture-resistant sole potential.
Adaptability	Suitable for diverse terrains and climates.
Customization	Extensive options for materials, appearance, features, sizing, and fit to meet specific client requirements.
